L & K FABRIC PROTECTION

Since 1948, L & K has been a trusted name in area rug, carpet and furniture cleaning. We've built a strong reputation for quality workmanship and enduring results. Our commitment to customers is unwavering. L & K now offers a Premium Fabric Protection service as well. We provide free estimates either in person or by phone. We pride ourselves on having built a solid reputation over our 65 years in business.

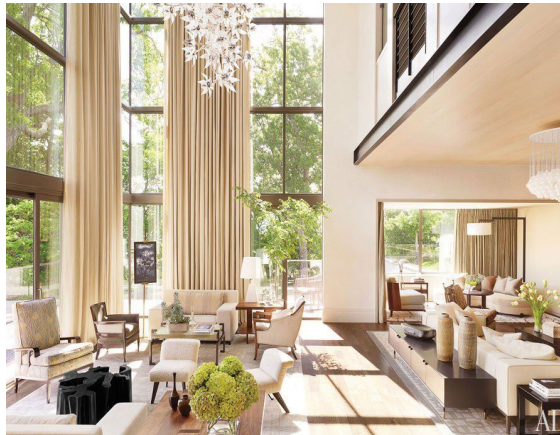

L & K Premium Fabric Protection

The chart below shows exactly how our Fabric Protection compares to others in the market.

Professional Fabric Protection for Furniture, Area Rugs & Carpets

Throughout our life, how many times do we purchase new furniture or carpet? How often do we have to throw away our favorite chair or favorite couch? Applying fabric protection will allow your upholstery and carpet to endure tough stains and spills. Most importantly, you are saving your hard earned money!

Keep your home cleaner, fresher, brighter.... longer!

Protect your furniture, area rugs and carpet with L & K Fabric Protection.

- Helps protect against both oil and water based stains.
- Helps carpet fibers and furniture fabric resist soiling.
- Helps spills not settle in before they become stains.
- 18 months of complimentary spot cleaning care!

Fabric Protection

Just regular vacuuming and prompt cleanup of spills will help maintain the bright, freshly cleaned look for a long time.

Fabric Protection Improves vacuuming

Vacuuming is actually more effective with fabric protection. Dirt is easily picked up because it stays on the surface of the area protected. Dirt finds ways to hide itself in the fabric. Dirt is abrasive, like sand paper, and the grinding of dirt in your fabric can literally cut the fibers.

Simplifies spill cleanup

Professional fabric protection repels liquids so spills can be blotted up quickly and easily. The protection acts as a raincoat for your upholstered or carpeted areas. If you need further help with a spot, we provide 18 months of complimentary spot cleaning care!

Points of Interest

L&K premium fabric protection can be applied to most soft surfaces & fabrics including, but not limited to:

- wall to wall carpeting, rugs, dining room chairs, sofas & club chairs, stair runners, hallways & bed frames.
- wool, silk *rayon, *sisal, cotton, mohair, polyester and linen. (*special instructions or limited care)
